

TITLE 16. CALIFORNIA BOARD OF OCCUPATIONAL THERAPY

NOTICE IS HEREBY GIVEN that the California Board of Occupational Therapy (Board) is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments relevant to the proposed action in writing. Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the Board at its office no later than 5:00 p.m. on July 3, 2006

The board does not intend to hold a hearing in this matter. If any interested party wishes that a hearing be held, he or she must make the request in writing to the board. The request must be received in the board's office not later than 5:00 p.m. on July 3, 2006.

The Board, upon its own motion or at the instance of any interested party, may thereafter adopt the action substantially as described below or may modify such action if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified action will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the action.

Authority and Reference: Pursuant to the authority vested by sections 2570.5, 2570.6, 2570.7, 2570.8, 2570.9, 2570.14, 2570.16, and 2570.20 of the Business and Professions Code, the Board is proposing revising Division 39, Title 16 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Current law provides that an application for an occupational therapist license or an occupational therapy assistant certificate be deemed abandoned if the applicants does not complete the application within two years after it is originally received by the Board, or within two years after the date of the last notification of deficiency, whichever is later. The law also allows an applicant a period of two years to submit the initial license fee after their application has been approved by the Board.

Amend section 4114: The proposed language establishes a firm deadline after which an application for a license or certificate is considered abandoned. This proposal will eliminate the possibility of an indefinite extension of the abandonment period. This will ensure that the information contained in the application, i.e. fieldwork experience, out-of-state disciplinary action, criminal history, etc., is no more than two years old at the time of application approval.

The proposed language also reduces from two years to sixty (60) days the amount of time allowed for submitting the initial license fee after the application is approved. The reason for this amendment is similar to that above. If an application is approved toward the end of the two-year abandonment period, and the applicant has another two years to submit the initial license fee, the Board cannot ensure with any reasonable certainty

that information provided in the original application is still accurate. The proposed language also increases from forty-five (45) days to sixty (60) days the amount of time allowed for submitting the limited permit fee after the application is approved. This amendment provides consistent time frames within the regulation.

The following studies/relevant data were relied upon in making the above determination: None
